Medical Cryology

Cryo Forum is happy to support Dr. Vladimir I.Kochenov and the "MEDICAL CRYOLOGY" series.

Please read on to find out **how you can take part in volume three.**

The first volume of "Medical Cryology" N.Novgorod, 2001 was presented during the first International symposium in Russia: "Achievements of cryomedicine" on June 7-8, 2001, in St. Petersburg. It was a 210-page, 30-picture book on the use of cold in medicine covering cryosurgery, cryotherapy, in all specialties comprising 40 years of modern cryosurgery.

The second release of the collection "Medical Cryology" is a 232 page volume, with 49 illustrations, 10 tables, and 23 entries.

Both books were presented at the first World Congress of cryosurgeons in Lisbon (Portugal) in October 2001.

The collection carries an International character and is published in Russian and English. Cryologists from Australia, Spain, Germany, Austria, USA, Ukraine, Russia already have taken part in project.

The summaries of the entries will be available at: <http://kriology.narod.ru>

Dr. Vladimir I.Kochenov **invites doctors, engineers and scientists who are involved in cryo-medicine** to send articles, manuscript, and descriptions of techniques for the **next volume of "MEDICAL CRYOLOGY"**. When sending your contributions (5 to 50 pages) please include an abstract on the first page as well as the complete address, E-mail, fax, and phone numbers of the authors or organization.

The book also offers space for advertising by the manufacturers and resellers of medical equipment and pharmaceuticals. **SPONSORS are welcome.**

Articles and letters should be sent by E-mail to: kriol@kis.ru.

Illustrations and the text should also be sent by mail to: Russia, 603104, Nizhny Novgorod, Medical st., 1. Center of medical resurge "Diamed" Doctor Vladimir I.Kochenov. Fh. +7(312) 39-69-07; 655-904. You can order the first two volumes of the books " Medical cryology ".
